The 8th edition of The Indus Entrepreneurs (TiE) Entrepreneurial Summit will be held for the first time in Hyderabad from December 18-20, 2013, at Hyderabad International Convention Centre (HICC). The event will be participated by

The event will be participated by venture capitalists, private equities and angel investors

venture capitalists, private equities and angel investors like Helion Venture Partners, Accel Partners, Lightspeed Venture Partners, TVS Capital, Kaalari Capital, Ventureast, Peepul Capital, Unilazer Ventures, SRI Capital, Indian Angel Network.

There will be an 'Investor Power Panel' and panel discussions on the current trends which enable startups and existing entrepreneurs' community to understand the potential opportunities which the investors see, the verticals and industries they are likely to invest and the kind of firms they would invest in. The sessions will also uncover the opportunities for investments, networking and sector

specific sessions on mobile and Internet world, big data and cloud, social enterprises, healthcare, defense, etc.

Murali Bukkapatnam, president - TiE Hyderabad said, "Through this summit we are enabling the startups to understand the journey of innovations to startups; startups to funding, funding to scaling-up; scaling-up to exit; exit to serial entrepreneurship. The most important deterrent which at times prevents a startup idea to convert into a business venture is the concern of financial sustenance and we are trying to make them understand the thought process of investor community and how they can make it more attractive for investors."

Adding to it, Ananth Rao, convener - TES 2013 said, "TES 2013 will not only provide ample opportunities to start ups to learn the technicalities involved in ensuring timely availability of finances for their business ventures but will also help to know the sectors which the investors view as a potential investment avenues."

"Along with startups even the existing entrepreneurs will get an opportunity to meet and network with great minds from around the world, learn from sharply designed sessions, bounce-off and validate their ideas, business models and plans and will also get an opportunity to connect with the potential investors through the networking sessions we are organising."
